

CdLM in Wildlife Management, Conservation and Control

SCHEDULE PLANNER – 2ND YEAR, 1ST SEMESTER

A.Y. 2019/2020

LOCATION: AULA OPBA , Department of Veterinary Medicine, via Vienna 2

SUBJECT	TEACHER	CFU	HOURS	CLASSROOM	NOTES
Morphological and Physiological Adaptation to Environmental Changes	Prof.ssa Fiammetta Berlinguer	6	48	Dipartimento di Medicina veterinaria via Vienna 2	
Morphological and Physiological Adaptation to Environmental Changes	Dott. Gianluca Lepore	3	24		
Stress and Animal Welfare	Dott. Sebastiano Luridiana	6	48	Dipartimento di Medicina veterinaria via Vienna 2	
Ichthyology and Conservation of Fish Resources	Prof. Marco Casu	6	48	Dipartimento di Medicina veterinaria via Vienna 2	

	9-10	10-11	11-12	12-13	15-16	16-17
1° week 30 September -4 October 2019						
Lun 30						
Mar 1		Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources		
Mer 2	Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources		
Giov 3	Stress and Animal Welfare	Stress and Animal Welfare	Stress and Animal Welfare	Stress and Animal Welfare		
Ven 4	Stress and Animal Welfare	Stress and Animal Welfare	Stress and Animal Welfare	Stress and Animal Welfare		

	9-10	10-11	11-12	12-13	15-16	16-17
2° week 7-11 October 2019						
Lun 7						
Mar 8		Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources		
Mer 9		Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources		
Giov 10	Stress and Animal Welfare	Stress and Animal Welfare	Stress and Animal Welfare	Stress and Animal Welfare		
Ven 11	Stress and Animal Welfare	Stress and Animal Welfare	Stress and Animal Welfare	Stress and Animal Welfare		

3° week 14-18 October 2019	9-10	10-11	11-12	12-13	15-16	16-17
Lun 14						
Mar 15		Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources		
Mer 16		Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources		
Giov 17	Stress and Animal Welfare	Stress and Animal Welfare	Stress and Animal Welfare	Stress and Animal Welfare		
Ven 18	Stress and Animal Welfare	Stress and Animal Welfare	Stress and Animal Welfare	Stress and Animal Welfare		

4° week 21 -25 October 2019	9-10	10-11	11-12	12-13	15-16	16-17
Lun 21						
Mar 22		Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources		
Mer 23		Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources		
Giov 24	Stress and Animal Welfare	Stress and Animal Welfare	Stress and Animal Welfare	Stress and Animal Welfare		
Ven 25	Stress and Animal Welfare	Stress and Animal Welfare	Stress and Animal Welfare	Stress and Animal Welfare		

5° week 28 October – 1 November 2019	9-10	10-11	11-12	12-13	15-16	16-17
Lun 28						
Mar 29		Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources		
Mer 30		Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources		
Giov 31	Stress and Animal Welfare	Stress and Animal Welfare	Stress and Animal Welfare	Stress and Animal Welfare		
Ven 1	OFF					

6° week 4-8 November 2019	9-10	10-11	11-12	12-13	15-16	16-17
Lun 4		Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources		
Mar 5		Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources		
Mer 6		Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources		
Giov 7		Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources	Ichthyology and Conservation of Fish Resources		
Ven 8						

7° week 11- 15 November 2019	9-10	10-11	11-12	12-13	15-16	16-17
Lun 11						
Mar 12						
Mer 13						
Giov 14	Stress and Animal Welfare	Stress and Animal Welfare	Stress and Animal Welfare	Stress and Animal Welfare		
Ven 15	Stress and Animal Welfare	Stress and Animal Welfare	Stress and Animal Welfare	Stress and Animal Welfare		

8° week 18- 22 November 2019	9-10	10-11	11-12	12-13	15-16	16-17
Lun 18						
Mar 19						
Mer 20						
Giov 21	Stress and Animal Welfare	Stress and Animal Welfare	Stress and Animal Welfare	Stress and Animal Welfare		
Ven 22						

9° week 25- 29 November 2019	9-10	10-11	11-12	12-13	15-16	16-17
Lun 25	OFF					
Mar 26						
Mer 27						
Giov 28						
Ven 29						

10° week 2 – 6 December 2019	9-10	10-11	11-12	12-13	15-16	16-17
Lun 2	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes		
Mar 3	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes		
Mer 4	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes		
Giov 5	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes		
Ven 6	OFF					

11° week 9 – 13 December 2019	9-10	10-11	11-12	12-13	15-16	16-17
Lun 9	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes		
Mar 10	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes		
Mer 11	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes		
Giov 12	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes		
Ven 13						

12° week 16 – 20 December 2019	9-10	10-11	11-12	12-13	15-16	16-17
Lun 16	Morphological and Physiological Adaptation to Environmental Changes (Microscope Laboratory)	Morphological and Physiological Adaptation to Environmental Changes (Microscope Laboratory)	Morphological and Physiological Adaptation to Environmental Changes (Microscope Laboratory)	Morphological and Physiological Adaptation to Environmental Changes (Microscope Laboratory)		
Mar 17	Morphological and Physiological Adaptation to Environmental Changes (Microscope Laboratory)	Morphological and Physiological Adaptation to Environmental Changes (Microscope Laboratory)	Morphological and Physiological Adaptation to Environmental Changes (Microscope Laboratory)	Morphological and Physiological Adaptation to Environmental Changes (Microscope Laboratory)		
Mer 18	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes		
Giov 19	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes		
Ven 20						

13° week 6 – 10 January 2020	9-10	10-11	11-12	12-13	15-16	16-17
Lun 6	OFF					
Mar 7						
Mer 8	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes		
Giov 9	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes		
Ven 10						

14° week 13 – 17 January 2020	9-10	10-11	11-12	12-13	15-16	16-17
Lun 13						
Mar 14						
Mer 15	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes		
Giov 16	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes		
Ven 17						

15° week 20 – 24 January 2020	9-10	10-11	11-12	12-13	15-16	16-17
Lun 20						
Mar 21						
Mer 22	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes		
Giov 23	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes	Morphological and Physiological Adaptation to Environmental Changes		
Ven 24						

16° week 27 –31 January 2020	9-10	10-11	11.30-12.30	12.30-13.30	15-16	16-17
Lun 27						
Mar 28						
Mer 29						
Giov 30						
Ven 31
